# **IMPORTANT NEWS**

Upcoming meetings will be held virtually on WebEx

Welcome to our new members:

Wes Dickhut

Dane Ekdom

# PRESIDENT'S COLUMN

BY BEN SCHOLTZ, PE

Well, the results are in from our membership survey regarding everyone's comfort level for social meetings in the COVID era and the general consensus is...we go virtual! So unfortunately, our annual winter social will be cancelled and we're working to develop a format for the Awards "banquet" to provide everyone with an opportunity to feature outstanding projects and members. Our first virtual monthly meeting will be next week. See additional info in this newsletter for details.

Virtual monthly meetings are also being planned for January and February. The February monthly meeting will likely be incorporated with the Awards Ceremony and held sometime during E-week.

One benefit of "going virtual" is that SDES members from across the state – in different chapters, can all have access to the presentations, so keep an eye out for information from the State Board Director on other virtual offerings from the Central and Black Hills Chapters also!

Please welcome our new chapter members: Wes Dickhut and Dane Ekdom.

The weather in our area has been surprisingly pleasant, and hopefully everyone can take an opportunity to enjoy the sun and mild temperatures before winter arrives...whenever that might be!

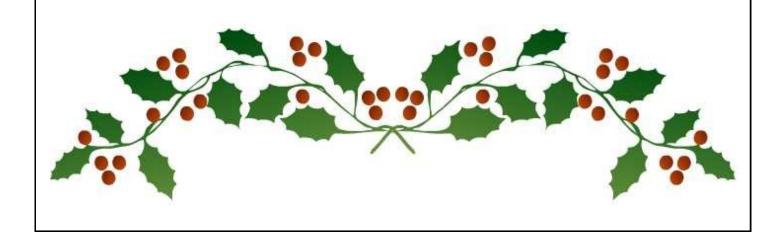

I hope you all have a safe and enjoyable holiday – stay healthy and wear your mask ;)

# **UPCOMING EVENTS**

- No Winter Social
- Tuesday, December 15th—Monthly virtual meeting
- Award nominations will be sent out soon. Due at the end of January!
- January—Monthly virtual meeting
- February—Monthly virtual meeting & virtual award banquet

# **SURVEY RECAP**

Thank you to those that responded to the survey. Based on the survey results, the following decisions have been made:

- o There will be No Winter Social
- Monthly meetings will be held virtually for the upcoming months (December, January and February)
- Virtual format of Awards Ceremony "banquet" (in late February)

Thank you for renewing your newsletter sponsorships. **Newsletter advertise-ments** are available throughout the entire year, so if you don't see your company listed, Contact Nancy Hoines for more information. Phone: 605-951-1004,

# **DECEMBER VIRTUAL MONTHLY MEETING**

# **December's Virtual Monthly Meeting via WebEx**

Join Sam Cotter, with HR Green, for a technical discussion on Sioux Falls Main Pump Station, a 65 MGD pump station, with screening.

Title: Main Pump Station, Sioux Falls, SD

The presentation will cover:

- Site selection
- Design review & flow evaluation
- Surge analysis
- Construction review
  - \*Mass concrete in cold & hot weather
  - \*HDPE liner
  - \*Construction progress photos

Meeting number (access code): 177 153 4933 Meeting password: wtKmtTkE784

# ENGINEERING AWARD NOMINATIONS WES PHILIPS, PE

# Nominations Needed for Engineering Awards – SDES Eastern Chapter

As you wrap up projects for the year, please take some time to reflect on your accomplishments and those of your peers. Nominate a worthy engineer or project for one of our annual awards:

- Outstanding Engineering Achievement (Project)
- Engineer of the Year
- Young Engineer of the Year

There are many engineers and projects in the Eastern Chapter that deserve recognition for a job well done. **Nomination forms** will be e-mailed out soon and are due at the end of January.

# **NEW MEMBERSHIP OPTIONS**

BY NANCY HOINES

At the June Annual Membership Meeting the SDES membership voted to add to new membership options for Two Tier Membership (State and Chapter), typically referred to as State Only Memberships. The purpose is to recognize years of service by State Only members by offering Two-Tier (State Only) Retired Memberships and Two Tier (State Only) Life Memberships. Hopefully, this encourages more of our state/chapter only members to maintain their memberships after retirement allowing them to still be part of the organization and encouraging them to share their knowledge and wisdom with younger members.

The Two-Tier (State Only) Retired Membership is available to members if the person has been a continuous member of SDES for a period of 25 years, is at least 65 years of age and has retired from active practice. For these purposes 'active practice' shall mean providing engineering consultation totaling more than 300 hours in a given year. Dues for retired status will be one-half the dues of normal membership, which will currently be \$70.

The Two-Tier (State Only) Life Membership is available if the person has been a continuous member of SDES for a period of 40 years and is at least 65 years of age. Life membership is free.

SDES currently has 104 State Only members, with over 40 members in the Eastern Chapter. Under the new membership model all new members must be three tier members (NSPE/SDES/Chapter). Both Retired and Life Membership status is also available for Three Tier members.

If anyone believes they are eligible for either Retired or Life member status, they should contact Nancy Hoines.

Favorite Quote: "I can do all things through Christ who strengthens me"

# **Mark Joffer**

pe Group, inc.

225 North Main – PO Box 567 Parker, SD 57053

605-297-3647

mark.joffer@pegroupengr.com

College and Major: SDSU and BSEE

- I presently serve as Chairman of the Board for Heartland Consumers Power District in Madison, SD
- I am a registered professional engineer in 22 states.
- I am a consulting electrical engineer who provides electrical design for commercial buildings (schools, healthcare, offices, malls, apartments, etc.) and industrial facilities (water treatment, waste water treatment, feed and grain facilities). I also design roadway lighting systems as well as electrical distribution systems for residential developments. I specialize in the design of electrical systems for areas made hazardous due to the presence of combustible dusts and gases.

**Family:** Wife – Lisa, 3 grown daughters and 2 grown sons. 3 grandchildren with #4 on the way!

Hometown: Parker, SD

**Job Title and Years With Firm:** President and founder - 23 years. 34 years total in Engineering profession.

**Favorite Room in My House and Why:** My shop. That's where I get to tinker.

My Normal Breakfast: Carnation Instant Breakfast

**Last CD Purchased:** Eagles – Greatest Hits

**Last DVD (movie or game) Purchased:** Movie Tombstone.

Hobbies: Classic Cars

What do you collect? Muscle cars and Classic

cars

My Best Personality Trait: Empathy

Pets: Dog - Adrian

Pet peeves: Rude and impatient people.

Favorite beverage: It's hard to beat an ice-cold

beer on a hot summer day.

Favorite TV Show: Longmire

Favorite Season: Fall

**People may not know about me...** I have served my hometown as a City Councilman, Mayor, and Chairman of the local Economic Development Corporation.

What made you want to be an engineer? My dad had a TV and Appliance business when I was growing up and it peaked my interest in electricity. I also had an influential High School Physics teacher, Mr. Paul Selby, that really promoted the engineering profession.

What do you like best about being an engineer? The ability to use knowledge and creativity to solve both simple and complex problems.

**Describe a significant event in your career.** Starting my own consulting engineering firm after having worked for two very good engineering and construction companies.

**Describe a significant event in your personal life.** The day I married my wife Lisa, and the birth of each of my children are the days that I cherish most.

Describe an achievement from the past year you are proud of. Completing the design of a \$4 Million electrical system for an industrial plant.

What are you looking forward to in the next year? Meeting my new grandson, watching my other grandchildren grow, and seeing each of my children succeed in their own lives.

**I hate it when...** I don't get to see my children who live several states away as much as I'd like to.

Favorite Place to Visit and Why: Summer – The Black Hills of South Dakota; Winter – Florida & Arizona

## **Eastern Chapter of SDES Goals**

To promote the licensed practice of engineering and to provide learning opportunities that enable licensed engineers to maintain practice competency;

To maintain high ethical standards for the practice of engineering and lead the profession in adhering to these principles:

To protect the public health, safety, and welfare; while being good stewards of the environment;

To incorporate engineering principles and perspectives in government decisions that protect the public; and

To consider community service a professional obligation.

## **SDES Mission Statement**

SDES is the state society of engineers from all disciplines that promotes the ethical and competent practice of engineering, advocates licensure, enhances the image of its members, and advocates legislation and public policy for the betterment of human welfare and the profession.
