

The City of Harrisburg, “an equal opportunity employer,” is currently accepting applications for a full-time City Engineer. The City Engineer shall be knowledgeable in municipal infrastructure, planning and overseeing projects, and skilled in developing and maintaining strong relationships. Duties include planning and directing efficient and economical design, construction and maintenance of the City’s infrastructure, facilities and building construction projects. The City Engineer will work closely with engineering firms and contractors that do business with the city, Public Works and Planning and Zoning Departments. Responsibilities will include budgeting, capital planning, estimating, developing specifications and RFP's, review of plans and proposals, inspecting projects and approving payments. Desired minimum qualifications include: BS in Civil Engineering with PE designation, plus 5-7 years’ experience in planning and directing engineering projects, strong communications and public relations skills. Must possess a safe valid driver’s license and be insurable. Starting wage depends on qualifications. An application and a job description may be obtained at Harrisburg City Hall, 301 E Willow Street or online at www.harrisburgsd.gov Completed Application necessary to be considered. All applications must be received on or before December 20, 2018. Please direct any questions or electronic application submissions to Andrew Pietrus, City Administrator, at 605-767-5068 or Andrew.pietrus@harrisburgsd.gov
